

M.Sc. Data Science & M.Sc. Artificial Intelligence

Department of Data Science & Artificial Intelligence
Himachal Pradesh University, Shimla

📅 Last Date to Apply: 12 May 2026

Admissions are now open for the postgraduate programs **M.Sc. Data Science** and **M.Sc. Artificial Intelligence** at Himachal Pradesh University, Shimla. Designed with academic inputs from experts of **IITs, NITs, JNU, and DTU**, these programs focus on building strong foundations in **Artificial Intelligence, Machine Learning, Deep Learning, and Data Analytics** with emphasis on practical learning, innovation, research, and industry readiness.

Under the dynamic leadership of **Prof. Manu Sood**, Chairman of the Department with **35+ years of academic and administrative experience**, the department has continuously progressed toward academic excellence, research advancement, infrastructure development, and student-centered learning.

The department is supported by **highly qualified faculty members with NET and Ph.D. qualifications** and offers a modern academic environment with **smart classrooms, tutorial rooms, advanced laboratories, high-end computing systems, high-speed Ethernet, and Wi-Fi-enabled facilities** for lectures, practicals, workshops, and research activities.

The department has an excellent placement and research record, with students securing opportunities in prestigious organizations such as **DRDO, WARDEC, AIIMS Delhi, IIT Mandi**, and reputed private companies. Students benefit from hands-on learning through live projects, coding activities, hackathons, seminars, expert lectures, and interdisciplinary research exposure.

The department also promotes holistic development through six active student clubs: Nature & Eco Club, Art & Culture Club, Social Club, Technical Club, Indian Knowledge System Club, Literature Club. Students actively participate in tree plantation drives, outreach programs, debates, technical competitions, and cultural activities etc.

Additionally, **B.Sc. Artificial Intelligence** and **B.Sc. Data Science** programs have also been introduced at Government College, Dhaneta with 60+ seats, expanding AI and Data Science education in the region and is also starting in other colleges.

✦ Key Highlights:

- ✓ Specialized programs in AI & Data Science
- ✓ Curriculum designed with inputs from IITs/NITs/JNU/DTU experts
- ✓ Highly qualified faculty with NET & Ph.D. qualifications
- ✓ Smart classrooms & advanced computing laboratories
- ✓ Strong placements in DRDO, AIIMS, IIT Mandi & leading organizations
- ✓ High-speed computing, Ethernet & Wi-Fi infrastructure
- ✓ Focus on innovation, research, live projects & practical learning

✓ 360 degree personality development through curricular, co-curricular and extra curricular activities.

✓Excellent academic and research-oriented environment

Join the Department of Data Science & Artificial Intelligence, HPU Shimla, and become part of a future-ready academic/ industry ecosystem driving innovation and technological excellence.
